INDEPENDENT AUDITORS' REVIEW REPORT

The Board of Directors and Shareholders
Chung Hwa Pulp Corporation

Introduction

We have reviewed the accompanying consolidated balance sheets of Chung Hwa Pulp Corporation and its subsidiaries (collectively, the "Group") as of June 30, 2026 and 2025, the related consolidated statements of comprehensive income for the three months ended June 30, 2026 and 2025 and for the six months ended June 30, 2026 and 2025, the consolidated statements of changes in equity and cash flows for the six months then ended, and the related notes to the consolidated financial statements, including a summary of significant accounting policies (collectively referred to as the "consolidated financial statements"). Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34 "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on the consolidated financial statements based on our reviews.

Scope of Review

Except as explained in the following paragraph, we conducted our reviews in accordance with the Standards on Review Engagements of the Republic of China 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

As disclosed in Note 14 to the consolidated financial statements, the financial statements of some non-significant subsidiaries included in the consolidated financial statements referred to in the first paragraph were not reviewed. As of June 30, 2026 and 2025, combined total assets of these subsidiaries were NT\$5,563,385 thousand and NT\$5,392,754 thousand, respectively, representing 13% and 14%, respectively, of the consolidated total assets, and combined total liabilities of these subsidiaries were NT\$796,028 thousand and NT\$676,887 thousand, respectively, representing 4% and 3%, of the consolidated total liabilities; for the three months ended June 30, 2026 and 2025 and for the six months ended June 30, 2026 and 2025, the amounts of combined comprehensive income of these subsidiaries were NT\$33,267 thousand, NT\$9,275 thousand, NT\$33,939 thousand and NT\$21,643 thousand, respectively, representing 4%, (1%), 3% and (2%), respectively, of the consolidated total comprehensive income (loss). In addition, as disclosed in Note 15 to the consolidated financial statements, as of June 30, 2026 and 2025, investments accounted for using the equity method of the Group were NT\$138,377 thousand and NT\$135,503 thousand, respectively; for the three months ended June 30, 2026 and 2025 and for the six months ended June

30, 2026 and 2025, shares of comprehensive income (loss) recognized were a gain of NT\$1,730 thousand, a gain of NT\$600 thousand, a loss of NT\$2,699 thousand and a loss of NT\$(113) thousand, respectively; as well as the related information of investments disclosed in Note 31 to the consolidated financial statements which was based on the investees' unreviewed financial statements for the same reporting periods.

Qualified Conclusion

Based on our reviews, except for the adjustments, if any, as might have been determined to be necessary had the financial statements of the non-significant subsidiaries and other investees as described in the preceding paragraph been reviewed, nothing has come to our attention that caused us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Group as of June 30, 2026 and 2025, its consolidated financial performance for the three months ended June 30, 2026 and 2025, and its consolidated financial performance and its consolidated cash flows for the six months ended June 30, 2026 and 2025 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34 "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

The engagement partners on the review resulting in this independent auditors' review report are Shiow-Ming Shue and Shu-Chuan Yeh.

CHUNG HWA PULP CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE SIX MONTHS ENDED JUNE 30, 2026 AND 2025 (In Thousands of New Taiwan Dollars, Unless Stated Otherwise)

1. GENERAL INFORMATION

Chung Hwa Pulp Corporation (the “Company”), is principally engaged in the production and sale of pulp and paper. The Company’s shares have been listed on the Taiwan Stock Exchange.

In line with the Company’s operating strategy to carry out vertical integration, in the meetings of the board of directors on March 21, 2012 and of the shareholders on June 27, 2012, the Company decided to issue new shares in exchange for YFY Inc.’s paper and cardboard business unit’s assets, liabilities and operations on October 1, 2012. After this transaction, the Company became a subsidiary of YFY Inc.

YFY Inc. and its subsidiaries held 57.7% of ordinary shares of the Company as of June 30, 2026 and 2025.

The consolidated financial statements are presented in the Company’s functional currency, the New Taiwan dollar.

2. APPROVAL OF FINANCIAL STATEMENTS

The consolidated financial statements were approved by the Company’s board of directors on August 12, 2026.

3. APPLICATION OF NEW, AMENDED AND REVISED STANDARDS AND INTERPRETATIONS

- a. Initial application of the amendments to the International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC) and SIC Interpretations (SIC) (collectively, the “IFRS Accounting Standards”) endorsed and issued into effect by the Financial Supervisory Commission (FSC)

The initial application of the IFRS Accounting Standards endorsed and issued into effect by the FSC did not have a material impact on the Group’s accounting policies.

- b. The IFRS Accounting Standards endorsed by the FSC for application starting from 2027

New, Amended and Revised Standards and Interpretations	Effective Date Announced by IASB
IFRS 18 “Presentation and Disclosure in Financial Statements”	January 1, 2027 (Note 1)
IFRS 19 “Subsidiaries without Public Accountability: Disclosures” (including the 2025 amendments to IFRS 19)	January 1, 2027
Amendments to IAS 21 “Translation to a Hyperinflationary Presentation Currency”	January 1, 2027
Amendments to IAS 28 “Amendments to the Fair Value Option for Investments in Associates and Joint Ventures”	January 1, 2027 (Note 2)

Note 1: IFRS 18 will take effect starting from January 1, 2028 for domestic entities. Earlier application is permitted.

Note 2: An entity shall apply the amendments when it applies IFRS 18.

IFRS 18 “Presentation and Disclosure in Financial Statements” and consequential amendments and Amendments to IAS 28 “Amendments to the Fair Value Option for Investments in Associates and Joint Ventures”

IFRS 18 will supersede IAS 1 “Presentation of Financial Statements”. The main changes comprise:

- To classify items of income and expenses presented in the statement of profit or loss into the operating, investing, financing, income taxes and discontinued operations categories, the Group shall assess whether it has specified main business activities of investing in particular types of assets and providing financing to customers.
- The statement of profit or loss shall present totals and subtotals for operating profit or loss, profit or loss before financing and income taxes and profit or loss.
- Provides guidance to enhance the requirements of aggregation and disaggregation: The Group shall identify the assets, liabilities, equity, income, expenses and cash flows that arise from individual transactions or other events and shall classify and aggregate them into groups based on shared characteristics, so as to result in the presentation in the primary financial statements of line items that have at least one similar characteristic. The Group shall disaggregate items with dissimilar characteristics in the primary financial statements and in the notes. The Group labels items as “other” only if it cannot find a more informative label.
- Disclosures on Management-defined Performance Measures (MPMs): When in public communications outside financial statements and communicating to users of financial statements management’s view of an aspect of the financial performance of the Group as a whole, the Group shall disclose related information about its MPMs in a single note to the financial statements, including the description of such measures, calculations, reconciliations to the subtotal or total specified by IFRS Accounting Standards and the income tax and non-controlling interests effects of related reconciliation items.

At the date of initial application of IFRS 18, an entity that is a venture capital organization, mutual fund, unit trust or similar entity is permitted to change its election from measuring an investment in an associate or joint venture from the equity method to fair value through profit or loss. The amendments to IAS 28 clarify that aforementioned “similar entity” includes the entity that performs the assessments in accordance with the requirements of IFRS 18 and concludes that it has a main business activity of investing in particular types of assets. If eligible, the Group may apply the transition upon initial application.

In addition, the following consequential amendments have been made to IAS 7 “Statement of Cash Flows”:

- The Group shall use operating profit or loss as the starting point when presenting cash flows from operating activities under the indirect method.
- Interest and dividends received by the Group shall be classified as investing activities, while interest and dividends paid shall be classified as financing activities. However, if, after assessment, the Group has a specific main operating activity, it shall determine how to classify dividends received, interest received and interest paid in the statement of cash flows by referring to how it classifies dividend income, interest income and interest expense in the statement of profit or loss. The total of each of these cash flows shall be classified in a single category in the statement of cash flows.

The Group has decided not to apply IFRS 18 and consequential amendments earlier.

Except for the above impact, as of the date the consolidated financial statements were authorized for issue, the Group is continuously assessing the possible impact of the other application of the amendments on the Group's financial position and financial performance and will disclose the relevant impact when the assessment is completed.

- c. The IFRS Accounting Standards in issue but not yet endorsed and issued into effect by the FSC

<u>New, Amended and Revised Standards and Interpretations</u>	<u>Effective Date Announced by IASB (Note)</u>
Amendments to IFRS 10 and IAS 28 "Sale or Contribution of Assets between an Investor and its Associate or Joint Venture"	To be determined by IASB
IFRS 20 "Regulatory Assets and Regulatory Liabilities"	January 1, 2029

Note: Unless stated otherwise, the above IFRS Accounting Standards are effective for annual reporting periods beginning on or after their respective effective dates.

As of the date the consolidated financial statements were authorized for issue, the Group is continuously assessing the impacts of the above amended standards and interpretations on the Group's financial position and financial performance and will disclose the relevant impact when the assessment is completed.

4. SUMMARY OF MATERIAL ACCOUNTING POLICY INFORMATION

- a. Statement of compliance

These interim consolidated financial statements have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and IAS 34 "Interim Financial Reporting" as endorsed and issued into effect by the FSC. Disclosure information included in these interim consolidated financial statements is less than the disclosure information required in a complete set of annual consolidated financial statements.

- b. Basis of preparation

The consolidated financial statements have been prepared on the historical cost basis except for financial instruments which are measured at fair value, biological assets which are measured at fair value less costs to sell, and net defined benefit liabilities which are measured at the present value of the defined benefit obligation less the fair value of plan assets.

The fair value measurements, which are grouped into Levels 1 to 3 based on the degree to which the fair value measurement inputs are observable and based on the significance of the inputs to the fair value measurement in its entirety, are described as follows:

- 1) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities;
- 2) Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and
- 3) Level 3 inputs are unobservable inputs for an asset or liability.

c. Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and the entities controlled by the Company.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by the Company.

All intra-group transactions, balances, income and expenses are eliminated in full upon consolidation. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

See Note 14, Table 6 and Table 7 for detailed information on subsidiaries (including percentages of ownership and main businesses).

d. Other significant accounting policies

Except for the following, please refer to the consolidated financial statements for the year ended December 31, 2025.

1) Retirement benefits

Pension cost for an interim period is calculated on a year-to-date basis by using the actuarially determined pension cost rate at the end of the prior financial year, adjusted for significant market fluctuations since that time and for significant plan amendments, settlements, or other significant one-off events.

2) Income tax expense

Income tax expense represents the sum of the tax currently payable and deferred tax. Interim period income taxes are assessed on an annual basis and calculated by applying to an interim period's pre-tax income the tax rate that would be applicable to expected total annual earnings.

5. MATERIAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

For the material accounting judgments and key sources of estimation uncertainty, refer to the consolidated financial statements for the year ended December 31, 2025.

Buy	USD:RMB	2025.08.05-2026.04.17	USD35,500

The Group entered into foreign exchange forward contracts to manage exposures to exchange rate fluctuations of foreign currency denominated assets and liabilities. The above foreign exchange forward contracts held by the Group did not meet hedge effectiveness, so they are not applicable for hedge accounting.

8. INVESTMENT IN EQUITY INSTRUMENTS AT FAIR VALUE THROUGH OTHER COMPREHENSIVE INCOME

	June 30, 2026	December 31, 2025	June 30, 2025
<u>Current</u>			
Domestic investments			
Listed shares	<u>\$ 4,687,014</u>	<u>\$ 3,359,614</u>	<u>\$ 2,749,275</u>
<u>Non-current</u>			
Domestic investments			
Listed shares	\$ 178,923	\$ 262,379	\$ 202,020
Unlisted shares	<u>127,776</u>	<u>131,065</u>	<u>141,605</u>
	<u>\$ 306,699</u>	<u>\$ 393,444</u>	<u>\$ 343,625</u>

These investments in equity instruments are held for medium to long-term strategic purposes. Accordingly, the management elected to designate these investments in equity instruments as at FVTOCI as they believe that recognizing short-term fluctuations in these investments' fair value in profit or loss would not be consistent with the Group's strategy of holding these investments for long-term purposes.

9. FINANCIAL INSTRUMENTS FOR HEDGING

	June 30, 2026	December 31, 2025	June 30, 2025
<u>Financial assets - current</u>			
Cash flow hedges			
Forward exchange contracts	<u>\$ -</u>	<u>\$ 10,045</u>	<u>\$ -</u>
<u>Financial liabilities - current</u>			
Cash flow hedges			
Forward exchange contracts	<u>\$ 8,278</u>	<u>\$ -</u>	<u>\$ -</u>

The Group's hedge strategy is to enter into foreign exchange forward contracts to avoid its foreign currency exposure to certain foreign currency receipts and payments and to manage its foreign currency exposures in relation to foreign currency forecast purchases. When forecast purchases actually take place, the carrying amounts of the non-financial hedged items will be adjusted accordingly.

The Group determined that the value of the forward exchange contracts and the value of the corresponding hedged items will systematically move in the opposite direction in response to changes in the underlying exchange rates based on their relationship.

The source of hedge ineffectiveness in these hedging relationships is the effect of the counterparty and the Group's own credit risk on the fair value of the forward exchange contracts. No other sources of ineffectiveness are expected to emerge from these hedging relationships.

The decrease in value used for calculating hedge ineffectiveness for the six months ended June 30, 2026 was \$9,249 thousand. The following tables summarize the information relating to the hedges of foreign currency risk.

	Currency	Maturity Date	Notional Amount (In Thousands)	
<u>June 30, 2026</u>				
Buy	EUR:NTD	2026.07.07-2026.11.12	EUR10,000	
<u>June 30, 2026</u>				
Hedged Items			Change in Value Used for Calculating Hedge Ineffectiveness	Other Equity Carrying Amount in Continuing Hedges
Cash flow hedge				
Forecast transactions (capital expenditures)			\$ 9,249	\$ (769)

Refer to Note 21(e) for information relating to gain on changes in the fair value of hedging instruments and the original carrying amount transferred to hedged items in 2026.

10. FINANCIAL ASSETS AT AMORTIZED COST

	June 30, 2026	December 31, 2025	June 30, 2025
<u>Current</u>			
Domestic investments			
Time deposits with original maturity between three months and a year	\$ 1,000	\$ 1,000	\$ 5,000
Foreign investments			
Time deposits with original maturity between three months and a year	<u>241,453</u>	<u>-</u>	<u>565,490</u>
	<u>\$ 242,453</u>	<u>\$ 1,000</u>	<u>\$ 570,490</u>

As of June 30, 2026, December 31, 2025 and June 30, 2025, the interest rates for time deposits with original maturity between three months and a year were 0.95%-4.15%, 1.69% and 1.69%-4.51%, respectively.

11. NOTES RECEIVABLE AND ACCOUNTS RECEIVABLE

	June 30, 2026	December 31, 2025	June 30, 2025
Notes receivable - operating	\$ 305,150	\$ 481,184	\$ 653,581
Accounts receivable - operating	<u>2,339,124</u>	<u>2,654,900</u>	<u>2,300,904</u>
Gross carrying amount	2,644,274	3,136,084	2,954,485
Less: Allowance for impairment loss	<u>(51,526)</u>	<u>(59,821)</u>	<u>(29,596)</u>
	<u>\$ 2,592,748</u>	<u>\$ 3,076,263</u>	<u>\$ 2,924,889</u>

The Group's customers are a large number of unrelated customers that did not have concentration of credit risk.

For accounts receivable that were past due at the end of the reporting period, the Group did not recognize an allowance for impairment loss because there was no significant change in credit quality and the amounts were still considered recoverable. The Group held adequate collaterals or other credit enhancements for these receivables. In addition, the Group also did not have offset right for the receivables against the payables of the same parties.

The Group applies the simplified approach for expected credit losses prescribed by IFRS 9, which permits the use of lifetime expected loss provision for all trade receivables. The expected credit losses on trade receivables are estimated using a provision matrix prepared by reference to the past default experience of the customer, the customer's current financial position, economic condition of the industry in which the customer operates, as well as the GDP forecasts and industry outlook.

The Group writes off a trade receivable when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery. For trade receivable that have been written off, the Group continues to engage in enforcement activity to attempt to recover the receivables due. Where recoveries are made, these are recognized in profit or loss.

The following table details the loss allowance of trade receivable based on the Group's provision matrix:

June 30, 2026

	Not Past Due	Less than 90 Days	91 Days to A Year	Over A Year	Total
Gross carrying amount	\$ 2,123,250	\$ 332,816	\$ 22,689	\$ 165,519	\$ 2,644,274

* Such capital surplus may be used to offset a deficit; in addition, when the Company has no deficit, such capital surplus may be distributed as cash dividends or transferred to share capital (limited to a certain percentage of paid-in capital).

c. Retained earnings and dividends policy

Under the dividends policy as set forth in the amended Articles, where the Company made profit in a fiscal year, the profit shall be first utilized for paying taxes, offsetting losses of previous years, setting aside as legal reserve 10% of the remaining profit, setting aside or reversing a special reserve in accordance with the laws and regulations, and then any remaining profit together with any undistributed retained earnings shall be used by the Company's board of directors as the basis for proposing a distribution plan, which should be resolved in the shareholders' meeting for distribution of dividends and bonus to shareholders. For the policies on the distribution of employees' compensation and remuneration of directors after the amendment, refer to employees' compensation and remuneration of directors in Note 22 (d).

In making its dividends policy, the Company takes into account future capital expenditures and working capital requirements. Based on this policy, dividends shall be distributed as follows:

- 1) At least 20% as cash dividends; and
- 2) Remainder, as share dividends. If there is a requirement for capital expenditure, the Company may distribute only share dividends.

An appropriation of earnings to legal reserve shall be made until the legal reserve equals the Company's paid-in capital. The legal reserve may be used to offset deficit. If the Company has no deficit and the legal reserve has exceeded 25% of the Company's paid-in capital, the excess may be transferred to capital or distributed in cash.

Under Order No. 1030006415 and Order No. 1090150022 issued by the FSC and in the directive titled “Questions and Answers for Special Reserves Appropriated Following Adoption of IFRS Accounting Standards”, the Company shall appropriate to or reverse from a special reserve. Any special reserve appropriated may be reversed to the extent that the net debit balance reverses and thereafter distributed.

The lose compensation plan for 2025 and 2024 was proposed by the board of directors’ meeting on June 16, 2026 and June 17, 2025, The offsetting of deficit was approved in the shareholders’ meetings, and the Company resolved not to distribute dividends. Information on the appropriation of earnings resolved by the Company’s shareholders’ meeting is available at the Market Observation Post System website of the Taiwan Stock Exchange.

4) Valuation techniques and inputs applied for Level 2 fair value measurement

Financial Instruments	Valuation Techniques and Inputs
Derivatives - foreign exchange forward contracts	Discounted cash flow: a) The average exchange rate (i.e., difference between the highest and the lowest exchange rates) of the counterparties' financial institutions in accordance with the Reuters quoting system, or b) The daily spot exchange rate quoted by financial institutions.

5) Valuation techniques and inputs applied for Level 3 fair value measurement

The fair values of unlisted equity securities - ROC were determined using the assets approach. The total value of individual assets and individual liabilities reflects the overall value of the investment. The significant unobservable inputs used are listed in the table below. A decrease in discount for lack of marketability used in isolation would result in increases in fair value.

	June 30, 2026	December 31, 2025	June 30, 2025
Discount for lack of marketability	15%	15%	15%

If the inputs to the valuation model were changed to reflect reasonably possible alternative assumptions while all the other variables were held constant, the fair value of the shares would have increased (decreased) as follows:

	June 30, 2026	December 31, 2025	June 30, 2025
Discount for lack of marketability			
2.5% increase	<u>\$ (3,758)</u>	<u>\$ (4,201)</u>	<u>\$ (4,165)</u>

c. Financial risk management objectives and policies

The Group's main objective in financial risk management is to manage the market risk related to operating activities (including foreign currency risk, interest rate risk, and other price risk), credit risk, and liquidity risk. To reduce the potential and detrimental influence of the fluctuations in market on the Group's financial performance, the Group is devoted to identify, estimate and hedge the uncertainties of the market.

The Group sought to minimize the effects of these risks by using both derivative and non-derivative financial instruments to avoid risk exposures. The use of financial instruments is governed by the Group's policies approved by the board of directors, which provide written principles on foreign exchange risk, interest rate risk, credit risk, derivative and non-derivative financial instruments, and investment of excess liquidity. Compliance with policies and exposure limits is being reviewed by the internal auditors on a regular basis. The Group did not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

1) Market risk

a) Foreign currency risk

The Group had foreign currency denominated sales and purchases, which exposed the Group to foreign currency risk. The Group follows the movement of foreign exchange rates and adjusts the exposure position respond to it to minimize the effects of these risks.

The Group used foreign exchange forward contracts to reduce, but not completely eliminate, currency exposure. These foreign exchange forward contracts could reduce the influence of the exchange rate fluctuations on the Group's income.

Sensitivity analysis

For the position of financial assets and liabilities that had significant influence on the Group, the risk was measured by considering the net position of foreign currency forward contracts that was in effect.

The Group is mainly exposed to the USD, RMB and EUR.

The following table details the Group's sensitivity to a 5% increase in the functional currency against the relevant foreign currencies. For a 5% weakening of the New Taiwan dollar against the relevant currency, there would be an equal and opposite impact on pre-tax loss and the balances below would be negative.

	For the Six Months Ended June 30	
	2026	2025
Influence to profit or loss at 5% variance		
USD	\$(39,695)	\$ 48,805
RMB	(146)	64,037
EUR	47,164	11,100

b) Interest rate risk

The carrying amounts of the Group's financial assets and financial liabilities with exposure to interest rates at the end of the reporting period were as follows:

	June 30, 2026	December 31, 2025	June 30, 2025
Fair value interest rate risk			
Financial assets	\$ 996,691	\$ 937,128	\$ 760,336
Financial liabilities	7,577,496	10,720,811	10,434,608
Cash flow interest rate risk			
Financial assets	874,392	1,003,363	638,432
Financial liabilities	9,066,203	5,311,783	5,219,751

Due to the close and long-term relationship with banks, the Group obtained better and flexible interest rates from banks. The impact of changes in interest rates is not significant to the Group.

Sensitivity analysis

For the Group's floating interest rate financial liabilities, if interest rates had been 0.1% higher/lower and all other variables were held constant, the Group's pre-tax loss for the six months ended June 30, 2026 and 2025 would have decreased/increased as follows:

	For the Six Months Ended June 30	
	2026	2025
Increased/decreased	\$ 4,096	\$ 2,291

c) Other price risk

The Group was exposed to equity price risk through its investments in listed equity securities. To prevent significant price risk, the Group has built an immediate control system.

Sensitivity analysis

The sensitivity analyses below were determined based on the exposure to equity price risks at the end of the reporting period.

If equity prices had been 5% higher/lower, the Group's comprehensive income for the six months ended June 30, 2026 and 2025 would have increased/decreased as follows:

	For the Six Months Ended June 30	
	2026	2025
Loss before tax		
Increased/decreased	\$ 19	\$ 18
Other comprehensive income		
Increased/decreased	249,686	154,645

2) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Group. As at the end of the reporting period, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to the failure of the counterparty to discharge its obligation at the level of the carrying amounts of the respective recognized financial assets which comprise receivables from operating activities and financial assets from investing activities as stated in the consolidated balance sheets.

Credit risk arising from operations, and it is the Group's policy that transactions only be dealt with creditworthy counterparties, that conducting credit search and analysis. Credits are then given to parties, according to its nature of transaction, financial status and conditions of collateral, with terms be renewed after careful reexamination to ensure credit risk of counter parties are within scope of the Group.

The Group's concentration of credit risk of 14% and 10% of total amounts of trade receivables as of June 30, 2026 and 2025, respectively, were attributable to the Group's largest customer.

To maintain the quality of the accounts receivable, the Group has developed a credit risk management procedure to reduce credit risk from specific customers. The credit evaluation of an individual customer includes considering factors that will affect its payment ability such as financial condition, past transaction records and current economic conditions. Credit risk of bank deposits, fixed-income investments and other financial instruments with banks are evaluated and monitored by the Group's financial department. Since the counterparties are creditworthy banks and financial institutions with good credit rating, there was no significant credit risk.

3) Liquidity risk

The objective of liquidity risk management is to maintain adequate cash and cash equivalents with high liquidity and sufficient bank facilities required by business operation and to ensure the Group has sufficient financial flexibility.

As of June 30, 2026, December 31, 2025 and June 30, 2025, the Group's unused financing facilities were \$16,924,255 thousand, \$9,869,479 thousand and \$9,683,292 thousand, respectively.

d. Transfers of financial assets

The Group transferred a portion of its banker's acceptance bills in mainland China to another bank in order to generate working capital. Since the Group transferred substantially all risks and rewards relating to these bills receivable, the Group derecognized the full carrying amount of the banker's acceptance bills. The Group's discounted and received amount and the ranges of interest rates on June 30, 2026, December 31, 2025 and June 30, 2025 were as follows:

	June 30, 2026	December 31, 2025	June 30, 2025
The discounted amount	<u>\$ 295,854</u>	<u>\$ 249,631</u>	<u>\$ 97,428</u>
The received amount	<u>\$ 294,494</u>	<u>\$ 248,620</u>	<u>\$ 96,883</u>
Interest rates	1.04%-1.75%	0.80%-1.64%	0.93%-1.64%
